R01	NIH Research Project Grant (Parent)	To support a discrete, specified circumscribed project with a potential major impact.	Demonstrated competence and interest in science area based on NINR mission. Information Note: New Investigators and Early Stage Investigators – see <i>website</i> .	Variable No specific dollar limit unless specified in FOA http://grants.nih.gov/grants/guide/notice-files/NOT-OD-02-004.html	Generally awarded for 3 -5 years	http://grants.nih.gov/grants/dates.htm	Parent Announcement: http://grants1.nih.gov/grants/oer.htm New and early stage investigators: http://grants.nih.gov/grants/new_investigators/ Funding Note: http://grants.nih.gov/grants/guide/notice-files/NOT-OD-02-004.html Also, see instructions germane to the R01 grant in the SF424 electronic application.
R21	Exploratory/ Developmental Research Grant (Parent)	To encourage exploratory and developmental research projects in early stages of development. Are expected to be novel and lead to a major impact	For new projects only. For exploratory, novel studies	Maximum of \$275,000 direct costs for 2 years. No more than \$200,000 direct costs in any given year.	Up to 2 years. Not renewable.	http://grants.nih.gov/grants/dates.htm	R21 Parent Announcement: http://grants.nih.gov/grants/guide/pa-files/PA-11-261.html See also instructions germane to the R21 grant in the SF424 electronic application.
R15	Academic Research Enhancement Award (AREA)	To stimulate research at educational institutions that provide baccalaureate or advanced degrees that have not been major recipients of NIH support. To support small-scale health-related research projects. Support small research projects in the biomedical and behavioral sciences conducted by students and faculty in health	Modular and non-modular grant procedures.	Maximum of \$300,000 direct costs.	Up to 3 years. Renewable.	http://grants.nih.gov/grants/dates.htm	R15 Parent Announcement: http://grants.nih.gov/grants/guide/pa-files/PA-12-006.html See link on this page for ineligible schools: http://grants.nih.gov/grants/funding/area.htm .

		professional schools and other academic components that have not been major recipients of NIH research grant funds					
R03	NINR Small Grant Program	To support small research projects that can be carried out in a short period of time with limited resources, such as Pilot or feasibility studies Small, self-contained research projects	Modular grant procedures. Must be a new investigator.	Combined budget for 2-year project may not exceed \$100,000; no more than \$50,000 may be requested in a single year	Up to 2 years. Not renewable.	http://grants.nih.gov/grants/dates.htm	R03 Parent Application: http://grants.nih.gov/grants/guide/pa-files/PA-11-262.html Only new and early stage investigators are eligible: http://grants.nih.gov/grants/new_investigators
Type 3	Diversity Supplement	To attract under-represented individuals to enter biomedical and behavioral research careers.	PIs of existing grants may apply for supplement.	Varies according to career level.	Two years.	Anytime.	See PA at http://grants.nih.gov/grants/guide/pa-files/PA-12-149.html and NOT-OD-11-113 Note eligibility criteria for supplement investigator in program announcement.

* All **AIDS-related research applications** are due January 7, May 7, and September 7.

^H Resubmission or renewal dates due one month later except for R15, for which the established dates remain the same.

** If application proposes \$500,000 or more in direct costs in any one year, must contact program staff at least 6 weeks prior to submission (NIH Guide, 5/03/96). Applicants must seek agreement to accept assignment from IC program staff at least 6 weeks prior to the anticipated submission of these applications (NIH Guide 10/16/01). Budgets of \$350,000 direct costs in any year go to advisory council for special consideration of high budgets.

F31	National Research Service Award (NRSA) For Individual Predoctoral Fellowship (F31) in Nursing Research	To help ensure that highly trained nurse scientists are available in adequate numbers and in appropriate research areas to carry out the NINR mission.	Assists students in full-time, mentored research training toward a doctoral degree.	FY 2012: \$22,032 annual stipend, 60% of tuition and fees up to \$16,000 (\$21,000 for dual degree), plus annual institutional allowance of \$4,200 (includes health insurance).	Up to 5 years.	http://grants.nih.gov/grants/dates.htm	See PA at: http://grants.nih.gov/grants/guide/pa-files/PA-11-117.html tuition, fees, health insurance information for FY 2012 : http://grants.nih.gov/grants/guide/notice-files/NOT-OD-12-033.html
F31	National Research Service Award (NRSA) Predoctoral Fellowship to promote diversity in health related research	To help ensure that highly trained diverse pool of nurse scientists are available in adequate numbers and in appropriate research areas to carry out the NINR mission.	Must assure training on a full-time basis, at least 40 hours per week.	FY 2012: \$22,032 annual stipend, 60% of tuition and fees up to \$16,000 (\$21,000 for dual degree), plus annual institutional allowance of \$4,200 (includes health insurance).	Up to 5 years.	http://grants.nih.gov/grants/dates.htm	See PA at: http://grants.nih.gov/grants/guide/pa-files/PA-11-112.html Tuition, fees, health insurance information for FY 2012 : http://grants.nih.gov/grants/guide/notice-files/NOT-OD-12-033.html
F32	National Research Service Award (NRSA) Postdoctoral Fellowship	Supports developing scientists with a doctoral degree who want to broaden their scientific background and extend their potential for research	Program has high NINR priority. Must assure training on a full-time basis, at least 40 hours per week.	FY 2012: Stipend based on experience: \$39,264 to \$54,180. 60% of tuition and fees up to \$4,500 (\$16,000 for additional degree), plus annual institutional allowance of \$7,850 (includes health insurance).	Up to 3 years total NRSA postdoc support. Exceptions by waiver.	http://grants.nih.gov/grants/dates.htm	See PA at: http://grants.nih.gov/grants/guide/pa-files/PA-11-113.html Tuition, fees, health insurance information for FY 2012 : http://grants.nih.gov/grants/guide/notice-files/NOT-OD-12-033.html
F33	National Research Service Award (NRSA) Senior Fellow	Provides funding for experienced scientists in advanced training to explore new areas of science, acquire new research capabilities, and enlarge their command of interdisciplinary research.	Must have postdoc research or professional training, and appropriate sponsor.	Stipend determined at time of award: 60% of tuition and fees up to \$4,500 (\$16,000 for additional degree), plus annual institutional allowance of \$7,850 (includes health insurance).	2 years.	http://grants.nih.gov/grants/dates.htm	See PA at: http://grants.nih.gov/grants/guide/pa-files/PA-11-114.html Tuition, fees, health insurance information for FY 2012 : http://grants.nih.gov/grants/guide/notice-files/NOT-OD-12-033.html
T32	National Research Service Award (NRSA)	To enable institutions to make NRSA awards to individuals for	Requires full-time training (40 hrs/week).	Predoc: \$22,032 stipend, \$4,200 training related expenses (including health insurance), tuition,	Predoc: 5 years.	May 25	See PA at: http://grants.nih.gov/grants/guide/pa-files/PA-11-184.html

	Institutional Award	predoctoral and postdoctoral research training in specified areas.		etc., \$800 travel. Postdoc: \$39,264-\$54,180 stipend, \$7,850 training related expenses, tuition, \$800 travel.	Postdoctoral 3 years		Tuition, fees, health insurance information for FY 2012 : http://grants.nih.gov/grants/guide/notice-files/NOT-OD-12-033.html

CODE	MECHANISM	DESCRIPTION	SPECIAL FEATURES	AWARD AMOUNT	TIME	RECEIPT DATES*	NIH WEBSITE
K01	Mentored Research Scientist Development Award	Provide for a period of additional mentored research experience with an expert investigator for career enhancement or to gain expertise in a new area.	Must spend a minimum of 75% effort on research and research career development.	Up to \$50,000 salary plus fringe benefits. Research expenses up to \$20,000.	3 years.	http://grants.nih.gov/grants/dates.htm	See PA at: http://grants1.nih.gov/grants/guide/pa-files/PA-11-190.html
K01	Mentored Research Scientist Development Award for Underrepresented or Disadvantaged Investigators	To attract underrepresented, disadvantaged and disabled individuals and provide for a period of additional mentored research experience with an expert investigator for career enhancement or to gain expertise in a new area.	Must spend a minimum of 75% effort on research and research career development. Must qualify for the diversity candidate.	Up to \$50,000 salary plus fringe benefits. Research expenses up to \$20,000.	3 years.	http://grants.nih.gov/grants/dates.htm	See PA at: http://grants.nih.gov/grants/guide/pa-files/PA-09-074.html
K23	Mentored Patient-Oriented Research Career Development Award	A period of mentored research experience to support the career development of investigators who have made a commitment to focus on patient-oriented research.	Must spend a minimum of 75% effort on research and research career development.	Up to \$75,000 salary plus fringe benefits. Research expenses up to \$25,000.	3 years.	http://grants.nih.gov/grants/dates.htm	See PA at: http://grants1.nih.gov/grants/guide/pa-files/PA-11-194.html
K23	Translational Scholar Career Awards in Pharmacogenomics and Personalized Medicine	A period of mentored research experience to support the career development of investigators who have made a commitment to focus on patient-oriented research.	Dual mentors from the Clinical and Translational Science Awards consortium and Pharmacogenomic Research Network are required.	Up to \$75,000 salary plus fringe benefits. Research expenses up to \$25,000.	3 years.	http://grants.nih.gov/grants/dates.htm	See PA at: http://grants.nih.gov/grants/guide/pa-files/PA-11-009.html
K24	Mid-Career Investigator Award in Patient-Oriented Research	A period of mentored research to provide clinicians with protected time to devote to patient-oriented research and to act as mentors for beginning clinical investigators.	Must spend between 25-50% of effort conducting patient-oriented research and mentoring. Must have independent research support. Should be at Associate Professor level or equivalent.	Up to \$83,350 salary plus fringe benefits. Research expenses up to \$25,000. (Based on a maximum legislative salary cap of \$166,700).	3 - 5 years.	http://grants.nih.gov/grants/dates.htm	See PA at: http://grants1.nih.gov/grants/guide/pa-files/PA-11-195.html
K99/	Pathway to	An NIH-wide program that	Must be in a non-	Total cost for	5 years.	http://grants.nih.gov/grants/dates.htm	See PA at:

R00	Independence (PI) Award	allows promising postdoctoral scientists to receive both mentored and independent phases of research support for up to five years.	tenure track faculty position.	R00 phase may not exceed \$249,000 per year.		s.nih.gov/grants/dates.htm	http://grants.nih.gov/grants/guide/pa-files/PA-11-197.html

(All require electronic application submission)

CODE	MECHANISM	DESCRIPTION	AWARD AMOUNT	TIME	RECEIPT DATES*	NIH WEBSITE
R41	Small Business Technology Transfer Grant (STTR) Phase I	To provide initial support to small business concerns that team with research institutions to explore the scientific and technical feasibility of a research project with commercial applications.	\$150,000 total costs (direct, indirect, and fixed fee).	1 year, non-renewable.	See PA at: http://grants1.nih.gov/grants/funding/sbir.htm .	See note below.
R42	Small Business Technology Transfer Grant (STTR) Phase II	This phase provides support for in-depth development of the activities initiated in Phase I that are likely to lead to commercial products or services.	\$1,000,000 total costs (direct, indirect, and fixed fee).	2 years; non-renewable.	See PA at: http://grants1.nih.gov/grants/funding/sbir.htm	See note below.
R43	Small Business Innovation Research Grant (SBIR) Phase I	To establish the technical merit and feasibility of proposed research or R&D efforts that may ultimately lead to commercial products/services.	\$150,000 total costs (direct, indirect, and fixed fee).	6 months; non-renewable.	See PA at: http://grants1.nih.gov/grants/funding/sbir.htm	See note below.
R44	Small Business Innovation Research Grant (SBIR) Phase II	To support in-depth development of research and development ideas whose feasibility has been established in Phase I and which are likely to result in commercial products or services.	\$1,000,000 total costs (direct, indirect, and fixed fee).	2 years; non-renewable.	See PA at: http://grants1.nih.gov/grants/funding/sbir.htm	See note below.
